

You can import findings from XML to the Cyber Core portal. To ensure your import is successful, use the following formatting on your file:

You can also download a sample XML template from the Cyber Core portal when you go to import findings.

IMPORTANT NOTES & LIMITATIONS

- The maximum number of findings that can be imported in a single upload is 5,000 findings.
- If your file exceeds this limit, the import may fail depending on the selected import options (e.g., aggregation settings or filtering by severity).
