

Company information is used to define your organization, for billing and invoicing purposes, and for reporting. Your company information should include your registered business name, registered business address, and contact details.

Company information may be set by your Pentester on account creation. Your Pentester will always be able to edit this data. However, you can edit it at any time by going to settings.

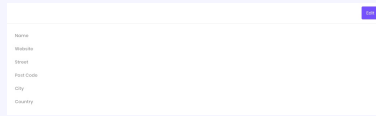

1. Click "Settings" in the left-hand menu

2. Click "Company Info"

3. Select the “Edit” button from the mid-right

A screenshot of a contact form. It features a light yellow background with a white border. On the left side, there are six input fields stacked vertically, each with a label: 'Name', 'Website', 'Street', 'Postal Code', 'City', and 'Country'. On the right side, there is a small purple button with the word 'Edit' in white text.

4. Fill in company information.
Cyver Core requests:

- Company Name
- Website
- Street
- Postal Code
- City
- Country

You can also update Contacts at this time. [Click through to Contacts to learn more.](#)
