

You can Generate a report at any time. This gives you plenty of time to edit and perfect your report before it's ready to publish.

To do so:

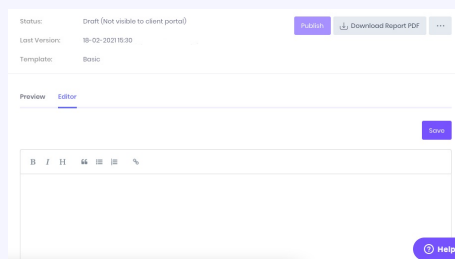

- Click "Pentests" in the Left-hand menu

- Click the relevant Pentest
- Click "Report"

- From the Report Menu, click "Editor" next to "Preview"

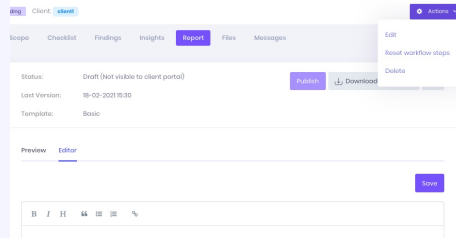

- Make Changes as Desired
- Click "Save"

UPDATE THE PENTEST REPORT TEMPLATE

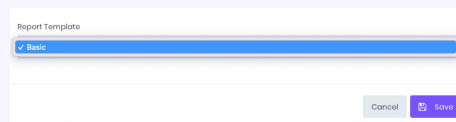

You might also want to change to another

report template.

- From the Relevant Pentest, click “Report”
- Click “Actions” in the top left corner

- Click “Edit”
- Scroll down to “Report Template” and choose a new template from the available options

- Click “Save”
- (Re)generate the report as desired
